MEMBERSHIP RENEWAL FOR CALENDAR YEAR 2007

Dear Members & Friends:

Yes. Another year has zoomed by and has us all looking forward to 2007 with opportunities for growth and success. The all volunteer Board of Directors have worked hard all year long to help create some building blocks for 2006 and a course to a stronger 2007. We hope our efforts have helped your individual business and the local business climate in general and we look forward to ratcheting up those efforts for the New Year.

We measure the Chamber's success by what it offers its membership. Indicators say that many of those standards were met. Our membership is up 16% for the year. We held more business forums than in all previous years with attendance at an all-time high. The year featured 2 networking breakfasts, the annual Business Expo, 2 business tours, a celebration of our Citizen of the Year and our most successful Charity Gala, raising almost \$10,000 for three community groups.

2006 has even more events to meet your membership needs. If you've been a member, hopefully we've fulfilled some of those needs and you'll join us again for '06. If you haven't taken part in Chamber, maybe this is the year your business can benefit. Please consider the possibilities.

Thank You, Beth Pelick, President
